

storytime™ CROW TEMPLATE

Colour in and cut out the bird below, then follow our instructions to make it fly.

- Fold the wings in half down the central dotted line.
- Now fold the other two dotted lines in the opposite direction (up), so the folded area sits up in a triangle shape.
- Glue or tape this part of the wings to the crow's body.
- Punch a small hole in the top of the body and tie a string through it.
- When you move it up and down the crow's wings will flap. Easy!
